1. CONTINUATION OF SF 18

1.1 ADMINISTRATION

1.1.1 CONTRACTING OFFICER

The Contracting Officer (CO) has the overall responsibility for the administration of this contract. The CO alone, without delegation, is authorized to take actions on behalf of the Government to amend, modify or deviate from the contract terms, conditions, requirements, specifications, details and/or delivery schedules; issue task orders against the contract; make final decisions on disputed deductions from contract payments for nonperformance, or unsatisfactory performance; terminate the contract for convenience or default; and issue final decisions regarding contract questions or matters under dispute. However, the CO may delegate certain other responsibilities to the CO Contracting Officer’s Technical Representatives (COTR).

[End of Text]

1.1.2 DESIGNATION OF CONTRACTING OFFICER’S TECHNICAL REPRESENTATIVE

The Contracting Officer hereby designates as the Contracting Officer’s Technical Representative (COTR):

Lydia Kleiner, (301) 504-0212

The COTR shall be responsible for administering the performance of work under this contract. In no event, however, will any understanding, agreement, modification, change order, or other matter deviating from the terms of this contract be effective or binding upon the Government unless formalized by proper contractual documents executed by the Contracting Officer prior to completion of the contract.

The Contracting Officer shall be informed as soon as possible of any actions or inactions by the Contractor or the Government which will change the required delivery or completion times stated in the contract, and the contract shall be modified accordingly.

On all matters that pertain to the contract terms, the contractor shall communicate with the Contracting Officer. Whenever, in the opinion of the Contractor, the COTR requests effort outside the scope of the contract, the contractor shall so advise the COTR. If the COTR persists and there still exists a disagreement as to proper contractual coverage, the Contracting Officer shall be notified immediately, preferably in writing if time permits. Proceeding with work without proper contractual coverage may result in nonpayment or necessitate submittal of a contract claim.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.
(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vi) of this paragraph, in a subcontract for commercial items. 52.204-7 Central Contractor Registration.

Central Contractor Registration (Oct 2003)

(a) Definitions. As used in this clause-

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

"Registered in the CCR database" means that-

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
(2) The Government has validated all mandatory data fields and has marked the record "Active".

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.
(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number-

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at http://www.dnb.com; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and Zip Code.

(iv) Company Mailing Address, City, State and Zip Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g) (i) If a Contractor has legally changed its business name, “doing business as” name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be
incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at http://www.ccr.gov or by calling 1-888-227-2423, or 269-961-5757.

(End of clause)

FAR 52.216-18 ORDERING (OCT 1995)

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

FAR 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than $500, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor—

(1) Any order for a single item in excess of $500,000;

(2) Any order for a combination of items in excess of $500,000; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one
requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 14 calendar days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

FAR 52.216-22 INDEFINITE QUANTITY (OCT 1995)

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the period of performance specified in any task order issued during the effective ordering period.

(End of clause)

52.217-8 OPTION TO EXTEND SERVICES. (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 calendar days prior to the end of the last option period.

(End of clause)
52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT. (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 calendar days before the period of performance ends; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least _60_ calendar days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed _60_ months.

(End of clause)

Statement of Work
USDA/FSIS

Background Information: FSIS has targeted consumer food safety education as a high priority – especially consumers who may be unaware of safe food handling practices and unfamiliar with the dangers of foodborne illness (food poisoning.) The Hispanic market is underserved by medical practitioners and by Spanish language information. FSE research has shown (through focus groups and other investigations) that consumers would be ready to change behaviors if they received correct information from a reputable source. By sending messages to patients in physicians’ offices, we could meet many of our goals. Project’s major initiative builds on the efforts to provide food safety education, particularly to vulnerable populations, using video outreach to targeted audiences in the FSIS education and outreach agenda.

CNN: CNN has set a benchmark as a reputable source for news and information. All of Accent Health-CNN’s stories are produced by and reported by CNN anchors and correspondents. No other comparable media organization offers the credibility or experience of CNN.

AccentHealth CNN is the only health television network airing in medical waiting rooms nationwide. With programming produced by CNN’s journalists and producers, the network offers reliability in conjunction with USDA-FSIS’ food safety education needs.

Scope of Work: Vendor will offer airtime on AccentHealth CNN en Espanol -- showing video food safety education messages (provided by USDA-FSIS-FSES) aimed at general Hispanic markets. The audiences are patients in physicians’ offices, watching TV monitors locked to AccentHealth CNN programming. Specifically, USDA will run three :30 (30 second) TV spots (featuring Thermy the thermometer, produced by FSIS) on the Spanish Language Network -- one spot per hour, every hour, for 3 months.

Accompanying program guides will list USDA as a sponsor and promote the 800 USDA Meat and Poultry Hotline, focusing on the Spanish speaking staff who answer calls.

Additionally, a flyer in Spanish, produced by FSIS, focusing on Listeria, a danger to pregnant women and especially to Hispanic women – will be distributed through the physicians’ offices.

Government Responsibilities
FSIS will provide a :30 video for distribution as well as the USDA logo. We will also provide a one-page flyer in Spanish for distribution.
Reporting Requirements

Report will be a summary describing the airing of the TV spot in physicians' offices as well as a description of how many copies of the flyer were taken from the free box in the physicians' offices.
