PCard-01-2013: GSA SmartPay Merchant Surcharges

This information is being sent on behalf of Felando (Phil) Johnson, Program Manager, Charge Card Service Center Program Office.

Good Afternoon APCs,

Attached please find the GSA SmartPay SmartBulletin dated January 17, 2013, in regards to new permissible merchant surcharges on GSA SmartPay cards. This bulletin goes into detail about how merchant surcharges can, and in some cases will go into effect on January 27, 2013. The CCSC asks that all APCs make themselves, as well as their LAPCs, AOs, and cardholders, aware of these possible surcharges when making purchases using the purchase card.

Please email any questions or concerns to CCSC@dm.usda.gov.

Thank you!
