PART 401
AGRICULTURE ACQUISITION
REGULATION SYSTEM

401.000 Scope of Part.

This part presents basic policies and general information about the Department of Agriculture’s (USDA) Acquisition Regulation, subsequently referred to as the AGAR. The AGAR is an integral part of the Federal Acquisition Regulations System.

SUBPART 401.1--PURPOSE, AUTHORITY, ISSUANCE

401.101 Purpose.

(a) The AGAR provides for the codification and publication of uniform policies and procedures for acquisitions by contracting activities within USDA.

(b) The purpose of the AGAR is to implement the Federal Acquisition Regulation (FAR), where further implementation is needed, and to supplement the FAR when coverage is needed for subject matter not covered in the FAR. The AGAR is not by itself a complete document, as it must be used in conjunction with the FAR.

401.103 Authority.

The AGAR and amendments thereto are issued under 5 U.S.C. 301 and 40 U.S.C. 486(c). The Senior Procurement Executive (SPE) has the delegated authority to promulgate Departmental acquisition regulations.

401.104 Applicability.

The FAR and AGAR apply to all USDA acquisitions of supplies and services (including construction) which obligate appropriated funds, unless otherwise specified in this chapter or excepted by law.

401.105 Issuance.

401.105-1 Publication and code arrangement.

(a) The AGAR is codified in the Code of Federal Regulations (CFR) as Chapter 4 of Title 48, Federal Acquisition Regulations System, to implement and supplement Chapter 1 which constitutes the FAR. Parts 400 through 499 have been assigned to USDA by the Office of the Federal Register.

(b) The AGAR and its subsequent changes are published in: (1) daily issues of the Federal Register, (2) cumulative form in the CFR, and (3) loose-leaf form for distribution within USDA.

(c) Section 553(a)(2) of the Administrative Procedure Act, 5 U.S.C. 553, provides an exception from the standard public rulemaking procedures to the extent that the rule involves a matter relating to agency management or personnel or to public
property, loans, grants, benefits, or contracts. OFPP Policy Letter 83-2 requires rulemaking for substantive acquisition rules but allows discretion in the matter for other than significant issues meeting the stated criteria. The AGAR has been promulgated and may be revised from time to time in accordance with the rulemaking procedures of the Administrative Procedure Act and OFPP Policy Letter 83-2.

401.105-2 Arrangement of regulations.

AGAR coverage parallels the FAR in format, arrangement, and numbering system. However, subdivisions below the section and subsection levels may not always correlate directly to FAR designated paragraphs and subparagraphs.

401.105-3 Copies.

Copies of the AGAR published in CFR form may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Requests should reference Chapter 4 of Title 48 CFR.

401.106 OMB approval under the Paperwork Reduction Act.

The following OMB control numbers apply to USDA solicitations and specified information collections within the AGAR:

PART 426
OTHER SOCIOECONOMIC PROGRAMS

SUBPART 426.70--PREFERENCE FOR SELECTED BIOBASED PRODUCTS

426.7000 Scope of subpart.

This subpart supplements the FAR to implement the set-asides and preferences described in section 1665 of the Food, Agriculture, Conservation and Trade Act of 1990 (7 U.S.C. 5909).

426.7001 Applicability.

This subpart applies to USDA and all of its components, including corporations.

426.7002 Authority.

Section 1665 of the Food, Agriculture, Conservation and Trade Act of 1990 (7 U.S.C. 5909) authorizes USDA to establish set-asides and other preferences for products that have been assisted by the Alternative Agricultural Research and Commercialization Corporation (AARCC).

426.7003 Policy.

(a) AARCC provides financial assistance to private companies and other parties to commercialize nonfood, nonfeed products made from agricultural and forestry materials and animal by-products (biobased products). Biobased products by their nature are environmentally friendly, and, in many instances, use agricultural material that otherwise would be waste. It is the policy of USDA to acquire AARCC products to the maximum extent practicable. This policy applies to all acquisitions of products regardless of dollar value.

(b) USDA shall satisfy its requirements for products the same or essentially the same as AARCC products by applying the preferences or set-asides described by this subpart.

426.7004 Definitions.

As used in this subpart---

"AARCC products" are products developed with assistance provided by AARCC as authorized by 7 U.S.C. 5905.

"Acquisitions of products” means an acquisition of one or more products for the use of the Government.

"Acquisitions involving the use of products” means an acquisition in which a Government contractor uses products in contract performance.

"Price preference” means an amount, expressed as a percentage, to be used in the evaluation of offers in an acquisition of products.

"Set-aside” means a requirement that vendors responding to a solicitation offer...
AARCC products.

“Solicitation” includes actions taken under Parts 12, 13, 14, 15, and 36 of the Federal Acquisition Regulation.

“Technical evaluation preference” means the use of an award factor or subfactor in which the Government expresses its preference for AARCC products.

426.7005  Preference list.

(a) The Office of Procurement and Policy Management (OPPM) and AARCC jointly shall establish and maintain a Preference List for AARCC products.

(b) The Preference List shall contain the list of preferred products, source information for these products, the type(s) of preference to be applied, the beginning and ending dates for the use of preferences, and other terms established to define the preference given to a product.

(c) The Preference List will be publicized within USDA by means of AGAR Advisories (see 401.371). Copies of the Preference List may be obtained from OPPM. The Preference List will also be posted on the World Wide Web at the USDA Procurement Home Page.

426.7006  Use of a set-aside or a price preference.

Acquisitions for products the same or essentially the same as those products appearing on the Preference List shall either be set-aside exclusively or shall include a price preference for those products shown on the Preference List. The actual price preference to be used shall be determined by the requiring office but may not exceed the percentage shown on the Preference List.

426.7007  Use of a technical evaluation preference.

Acquisitions involving the use of products the same or essentially the same as those products appearing on the Preference List shall include a technical evaluation preference, if authorized in the Preference List. The technical evaluation preference may be determined by the contracting officer specifically for each acquisition.

426.7008  Identification of preferred products.

(a) Products subject to a set-aside or technical preference shall be separately listed in the schedule, specification, or performance work statement.

(b) Products subject to a price preference shall be separately listed in the schedule.

426.7009  Contract provisions.

(a) Each solicitation containing a price or technical preference under this
subpart shall contain the provision 452.226-70, Preferred Products.

(b) Each solicitation for products subject to a set-aside shall include the provision 452.226-71, Set-Aside For Mandatory Products.

(c) Each solicitation for products subject to a price preference shall include the provision 452.226-72, Price Preference for Award.

(d) Solicitations for products may contain both the provision in 452.226-71 and the provision found in 452.226-72.

(e) The provisions prescribed above are not required for acquisitions accomplished using the purchase card as a stand alone tool.
for construction, alteration or repair, and shipbuilding and conversion. Such payments also are authorized for service contracts, if the contracting officer determines that progress payments based on costs are not practicable and adequate safeguards are provided to administer progress payments based on a percentage or stage of completion. For all other contracts, progress payment provisions shall be based on costs except that the HCA may authorize progress payments based on a percentage or stage of completion on a case-by-case basis. Each authorization by the HCA shall include a determination and finding that progress payments based on costs cannot be employed practically and that there are adequate safeguards provided for the administration of progress payments based on a percentage or stage of completion.

432.103 Progress payments under construction contracts.

(a) When approving a progress payment under a construction contract, the contracting officer shall indicate the amount to be paid by the payment office and include in the contract file the rationale in support of the payment.

(b) When a retainage is made on a progress payment under a construction contract, the contracting officer shall place in the contract file a written determination stating the reason(s) for the retainage.

(c) When a progress payment under a construction contract has been approved, the amount to be paid, the amount of any retainage withheld, and the reason(s) for the retainage shall be provided to the contractor by the contracting officer in writing before the payment due date.

(d) When the contractor, under a fixed-price construction contract, furnishes evidence to the contracting officer that the surety has been paid in full for bond premiums and requests reimbursement, the first subsequent progress payment shall include the total amount attributable to such bond premiums and the Government shall pay that amount in full. This amount paid for the bond premiums is not an amount in addition to the stated contract price.

432.111 Contract clauses for non-commercial purchases.

The contracting officer shall insert the clause at 452.232-70, Reimbursement for Bond Premiums - Fixed Price Construction Contracts, whenever the clause at FAR 52.232-5, Payments under Fixed-Price Construction Contracts, is used in a contract.

432.113 Customary contract financing.

The contracting officer may determine the necessity for customary contract financing. The determination and finding that customary contract financing is needed shall be placed in the contract file.
432.114 Unusual contract financing.

The HCA is authorized to approve unusual contract financing. The signed determination and finding supporting this approval shall be included in the contract file.

SUBPART 432.2--COMMERCIAL ITEM PURCHASE FINANCING

432.202 General.

432.202-1 Policy.

In the case of unusual contract financing, the approval by the HCA shall be recorded in a determination and finding and maintained in the contract file.

Prior to determining that an offeror's financial condition is adequate security, the contracting officer must obtain the concurrence of the funding activity in the proposed determination.

432.206 Solicitation provisions and contract clauses.

The responsibility for administration of the liquidation provisions of a contract may not be transferred from the contracting officer.

432.207 Administration and payment of commercial financing payments.

The responsibility for receiving, reviewing, and approval of contract financing requests may not be transferred from the contracting officer.

SUBPART 432.3--LOAN GUARANTEES FOR DEFENSE PRODUCTION

432.301 Definitions.

Within this subpart, the "agency" or "guaranteeing agency" is the "head of the contracting activity" (HCA) and may not be redelegated.

SUBPART 432.4--ADVANCE PAYMENTS FOR NON-COMMERCIAL ITEMS

432.402 General.

The HCA is designated as the individual responsible for making the findings and determination, and for approval of the contract terms concerning advance payments.

432.406 Letters of credit.

The HCA is designated as the individual responsible for coordination with the Department of Treasury concerning letters of credit.

432.407 Interest.

(a) The HCA is designated as the individual who may authorize, on a case by case basis, advance payments without interest for the contract types described
PART 434

MAJOR SYSTEM ACQUISITION

SUBPART 434.0--GENERAL

434.001 Definitions.

Pursuant to OMB Circular No. A-109 (A-109) and the definition at FAR 2.101, within USDA, a system shall be considered a major system if:

(a) The total acquisition costs with private industry are estimated to be $50 million or more, or

(b) The system has been specifically designated to be a major system by the USDA Acquisition Executive, even if the acquisition costs are not expected to exceed $50 million.

434.002 Policy.

In addition to the policy guidance at FAR 34.002, the policies outlined in paragraph 6 of A-109 should serve as guidelines for all contracting activities in planning and developing systems, major or otherwise.

434.003 Responsibilities.

(a) The Secretary of Agriculture or other designated USDA key executive is responsible for making four key decisions in each major system acquisition process. These are listed in paragraph 9 of A-109 and elaborated on in paragraphs 10 through 13. The key executives of USDA (Secretary, Deputy Secretary, Under Secretaries and Assistant Secretaries) individually or as a group will participate in this decision making process.

The ASA is responsible for designating the program manager for each major system acquisition, designating an acquisition to be a major system acquisition, and approving the written charter and project control system for each major system acquisition.

(c) The Procurement and Property Management staff is responsible for assisting the ASA in carrying out the above responsibilities.

(d) Heads of contracting activities must:

(1) Ensure compliance with the requirements of A-109, FAR Part 34 and AGAR 434.

(3) Recommend qualified candidates for designation as program managers for each major system acquisition within their jurisdiction.

(4) Ensure that program managers fulfill their responsibilities and discharge their duties.
(5) Cooperate with the ASA in implementing the requirements of A-109.

(e) The program manager is responsible for planning and executing the major system acquisition, ensuring appropriate coordination with the USDA Acquisition Executive and other key USDA executives.

434.004 Acquisition strategy.

(a) The program manager will develop, in coordination with the Acquisition Executive, a written charter outlining the authority, responsibility, accountability, and budget for accomplishing the proposed objective.

(b) The program manager will develop, subject to the approval of the Acquisition Executive, a project control system to schedule, monitor, and regularly report on all aspects of the project. The control system shall establish reporting periods and milestones consistent with the key decisions listed in paragraph 9 of A-109.

(c) Upon initiation of the project, the program manager will report regularly to the Acquisition Executive.

434.005 General Requirements.

434.005-6 Full Production.

PART 436
CONSTRUCTION AND
ARCHITECT-ENGINEER
CONTRACTS

SUBPART 436.2--SPECIAL
ASPECTS OF CONTRACTING FOR
CONSTRUCTION

436.201 Evaluation of contractor
performance.

Preparation of performance
evaluation reports. In addition to the
requirements of FAR 36.201,
performance evaluation reports shall be
prepared for indefinite-delivery type
contracts when either the contract
maximum or the contracting activity's
reasonable estimate of services to be
ordered exceeds $500,000.00. For these
contracts, performance evaluation
reports shall be prepared for each order
at the time of final acceptance of the
work under the order.

436.203 Government estimate of
construction costs.

For acquisitions using sealed bid
procedures, the contracting officer may
disclose the overall amount of the
Government's estimate of construction
costs following identification of the
responsive bid most advantageous to the
Government; verification of that bid's
price reasonableness; and verification of
the bidder's responsibility. For
acquisitions using other than sealed bid
procedures (e.g., negotiation), the
contracting officer may disclose the
overall amount of the estimate after
contract award.

436.204 Disclosure of the magnitude
of construction projects.

In the case of indefinite-delivery
type contracts, the reasonable estimate of
work to be done or the maximum in the
solicitation, both including all options, is
to be used to select the price range.
Contracting officers may elect to use
both a price range for the base period of
services and the total, inclusive of
options, to best describe the magnitude
of the solicitation.

436.205 Statutory cost limitations.

(a) When it appears that funds
available for a project may be
insufficient for all the desired features of
construction, the contracting officer may
provide in the solicitation for a base bid
item covering the work generally as
specified and for one or more additive or
deductive bid items which progressively
add or omit specified features of the
work in a stated order of priority. In this
case, the contracting officer shall insert
the provision at 452.236-70, Additive or
Deductive Items, in solicitations for
construction.

(b) In the alternative to the process
in paragraph (a) of this section, the
contracting officer may use the policies
and procedures found in FAR 17.2.

436.209 Construction contracts with
architect-engineer firms.
The head of the contracting activity (HCA) is authorized to approve the award of a contract to construct a project, in whole or in part, to the firm (inclusive of its subsidiaries or affiliates) that designed the project.

**436.213 Special procedures for sealed bidding in construction contracting.**

The authority to waive a presolicitation notice is restricted to the HCA.

**436.213-2 Presolicitation notices.**

The contracting officer shall use the clauses as prescribed, in contracts that exceed the simplified acquisition threshold. The contracting officer may use the clauses if the contract amount is expected to be within the simplified acquisition threshold.

**436.500 Scope of subpart.**

This subpart prescribes clauses for insertion in USDA solicitations and contracts for construction and for dismantling, demolition, or removal of improvements or structures. The contracting officer shall use the clauses as prescribed, in contracts that exceed the simplified acquisition threshold. The contracting officer may use the clauses if the contract amount is expected to be within the simplified acquisition threshold.

**436.571 Prohibition against the use of lead-based paint.**

The contracting officer shall insert the clause at 452.236-71, Prohibition Against the Use of Lead-Based Paint, in solicitations and contracts, if the work involves construction or rehabilitation (including dismantling, demolition, or removal) of residential structures. This clause may be used in contracts for other than residential structures.

**436.572 Use of premises.**

The contracting officer shall insert the clause at 452.236-72, Use of Premises, if the contractor will be permitted to use land or premises administered by USDA.

**436.573 Archeological or historic sites.**

The contracting officer shall insert the clause at 452.236-73, Archeological or Historic Sites, if the contractor will be working in an area where such sites may be found. Use of the clause is optional in service contracts for on-the-ground work, e.g., reforestation, silvicultural, land stabilization, or other agricultural-related projects.

**436.574 Control of erosion, sedimentation, and pollution.**

The contracting officer shall insert the clause at 452.236-74, Control of Erosion, Sedimentation and Pollution, if there is a need for applying environmental controls in the performance of work. Use of the clause is optional in service contracts for on-the-ground e.g., reforestation, silvicultural, land stabilization, or other agricultural-related projects.
436.575 Maximum workweek-construction schedule.

The contracting officer shall insert the clause at 452.236-75, Maximum Workweek-Construction Schedule, if the clause at FAR 52.236-15 is used and the contractor's work schedule is restricted by access to the facility or must be coordinated with the schedule of contract administration personnel.

436.576 Samples and certificates.

The contracting officer shall insert the clause at 452.236-76, Samples and Certificates, in all contracts.

436.577 Emergency response.

The contracting officer may insert the clause at 452.236-77, Emergency Response, in construction contracts awarded for the Forest Service.

436.578 Standard specifications for construction of roads and bridges.

The contracting officer shall insert the clause at 452.236-78, Forest Service Standard Specifications for Construction of Roads and Bridges, in construction contracts that incorporate the standard specifications.

436.579 Opted timber sale road requirements.

The contracting officer shall insert the clause at 452.236-79, Opted Timber Sale Road Requirements, in road construction contracts resulting from a timber sale turnback.

SUBPART 436.6--ARCHITECT-ENGINEER SERVICES

436.601 Policy.

436.601-3 Applicable contracting procedures.

The technical official’s listing of areas where recovered materials cannot be used shall be referred to the contracting activity’s official designated in accordance with FAR 23.404. A copy of the listing and of any approval or disapproval by that official is to be retained in the solicitation file.

436.602 Selection of firms for architect-engineer contracts.

436.602-1 Selection criteria.

The HCA is authorized to approve the use of design competition under the conditions in FAR 36.602-1(b).

436.602-2 Evaluation boards.

HCA’s shall establish written procedures for providing permanent or ad hoc architect-engineer evaluation boards as prescribed in FAR 36.602-2. The procedures may provide for the appointment of private practitioners of architecture, engineering, or related professions when such action is determined by the HCA to be essential to meet the Government’s minimum needs.
436.602-3 Evaluation board functions.

The selection report required in FAR 36.602-3(d) shall be prepared for the approval of the HCA. The HCA may authorize an acquisition official above the level of the contracting officer to execute the required approval.

The HCA may include either or both procedures in FAR 36.602-5 in the procedures for evaluation boards.

436.603 Collecting data on and appraising firms' qualifications.

(a) HCA's which require architect-engineer services shall establish procedures to comply with the requirements of FAR 36.603.

(b) The procedures shall include a list of names, addresses, and phone numbers of offices or boards assigned to maintain architect-engineer qualification data files. The list shall be updated annually.

436.604 Performance evaluation.

Preparation of performance evaluation reports. (a) In addition to the requirements of FAR 36.604, performance evaluation reports shall be prepared for indefinite-delivery type contracts when either the contract maximum or the contracting activities reasonable estimate of services to be ordered exceeds $25,000.00. For these contracts, performance evaluation reports shall be prepared for each order at the time of final acceptance of the work under the order. (b) The contracting officer may require a performance evaluation report on the work done by the architect-engineer after the completion of or during the construction of the designed project.
