Procurement Advisory No. 136C

USDA Contracting Deskbook

1. SUMMARY

This Procurement Advisory provides notice of change to the USDA Contracting Deskbook.

2. BACKGROUND

The Contracting Deskbook includes internal departmental and mission area acquisition guidance. The Procedures, Guidance and Information (PGI) is a non-regulatory companion resource to the AGAR.

The PGI is designed to establish internal operating procedures for acquisition personnel and clarify policies of the FAR or the AGAR. The PGI adheres to AGAR numbering and drafting conventions. Although PGI requirements are not regulatory, occasionally the requirements are mandatory for USDA personnel. The mandatory requirements reflect agency policy which must be followed to ensure uniformity or for other reasons. It is the intent that this document will provide standard procedures for all mission areas for most contracting methods. Procedures for requirements unique to mission areas (commodity, incident, stewardship, etc.) will be addressed in appendices to the PGI.
